

Looka AI: Logo & Brand Maker

Part of the 47 AI Tools Guide

What is Looka?

Looka is an AI-powered platform that allows you to design logos and build your brand identity quickly and easily. It's perfect for startups, small businesses, and anyone looking for a professional-looking brand without hiring a designer.

Key Features

- **AI-Powered Design:** Generates unique logo options based on your preferences.
 - **Brand Guide:** Creates a comprehensive guide with your logo, colors, and fonts.
 - **Social Media Assets:** Provides ready-to-use graphics for various platforms.
 - **Business Card Design:** Designs professional business cards with your branding.
 - **Website Builder Integration:** Seamlessly integrates with website builders.
- Looka's AI engine learns your style preferences through a series of questions about your industry, desired aesthetic, and preferred logo types. It then generates dozens of logo options that you can further customize. The platform offers a variety of tools to adjust colors, fonts, layouts, and symbols to perfectly match your vision. Beyond logos, Looka extends your brand identity with a brand guide, social media templates, and business card designs, ensuring a cohesive look across all your marketing materials. Looka's Brand Kit Subscription provides you with everything you need to build a brand identity you will be proud of.
